

1976 MONDAY.

Ladies & Gentleman.

Your committee has been asked by Tod Handly to consider what steps can be taken to improve the spirit of friendship amongst the members of this choir, in particular to new members when they join us.

Tod believes that a friendly atmosphere leads to a happy cooperation and this is essential for good singing choral discipline.

How many of you know the sur name let alone the christian name of person next to you?

show of hands for status Quo is no break and with its
prevent shortcomings. Those who would favour a trial

With this in mind. we have tried hard to think of ways to improve this situation

The only really effective way would be to revert to some form of break during which coffee is served. notices given, music & tickets sold etc

We realize that most of us have homes & families to go to and ∴ don't wish to stay too late, and can't arrive to soon

Most-chairs 12 out of 16 locals do not finish till 9.30.

Break 15 min in middle of rehearsal. ? what do you think ?

also who puts out the chairs.

Volunteers !!

orders music.

sells tickets.

handles money from register
